|  <p><b>HP30R</b><br/>Rechargeable Spot and Floodlight Headlamp</p> <p>HP30R is a headlamp with rechargeable battery (powered by two 18650 Li-ion batteries). The rechargeable battery case reduces the load on the head and increases battery performance in cold air. This headlamp is color-coding with the Micro USB port for the battery case and the Micro USB port for the power bank. The headlamp features four LED beams and four ultra-precise floodlight modes with 1000 lumens. The spot and floodlight can be switched on independently to deliver a max output of 1750 lumens, suitable of 4000 hours and a far-reaching beam of 300 meters. The HP30R will be an indispensable aid in your mountaineering, climbing, snow hiking or any other challenging outdoor activity.</p> | HP30R     | Frontal Fénix HP30R 1750 lúmenes                                   | Inicio                        | 134,90 €          |
